

Quick Reference

6900 Series Phones on MiVoice Connect

PRODUCT OVERVIEW

The 6900 Series is Mitel's flagship family of phones and accessories that enhance the way users communicate. Users can choose from four expansive models with modern design, outstanding audio quality and vivid color displays to meet the needs of employees at all levels. The 6900 series support the industry's largest offering of accessories designed to increase mobility, streamline workflows, and enhance productivity. The 6900s are optimized for MiVoice Connect to deliver a seamless, complete, end-to-end communication experience.

HIGHLIGHTS

Premium Phones. Rich Accessories. Advanced Features.

- > High end phone models are optimized for MiVoice Connect for a seamless experience
- > Largest offering of end user installable accessory options designed to untether users from their desk
- > MobileLink feature pairs the mobile device with the 6900 desk phone to allow users to leverage the 6900 features for mobile calls
- > All models support GigE speeds and can be powered via Ethernet connection (PoE)

POSITIONING

Mitel: Intuitive, Integrated, Complete

- > **End-to-End Solution:** Mitel is the one-stop-shop for all UC needs
- > **Easy to Use:** Cleanly designed interfaces and devices for natural navigation and intuitive usage
- > **Mobility:** Work beyond the confines of the desk with mobile applications and wireless accessories.
- > **Low IT Burden:** Easy to deploy application and devices.
- > **Proven Expertise:** Mitel delivers more than 2 billion connections every day and supports more than 3 million cloud users all over the world.
